

Sales Contract & Health Guarantee
Please email signed copy to: amy@bernedoodles.us

When you purchase a puppy from us, you agree to the following:

Seller Responsibilities:

Your puppy is guaranteed free from life-threatening congenital/hereditary defects for a period of one year [two years with Life's Abundance required monthly purchase] from its date of birth [DOB]. Daily supplements and dog food purchase from Life's Abundance are required to receive our two year guarantee ordered through our website for credit. We receive a monthly statement showing our customers' purchases. No daily supplements/food are required for our standard one-year coverage. We feel you will be pleased with the quality of Life's Abundance products as we are.

Every effort is made by the seller to ensure the puppy is delivered in a sound, healthy condition. If the puppy were to develop a serious condition within one year [two years with Life's Abundance monthly requirement] of its DOB and is unable to live a normal life warranting euthanasia, a replacement puppy will be available to you on a future litter. No refunds will be issued and shipping charges, taxes and fees would be at your expense if applicable. We must be notified within two business days of the diagnosis of a health problem and you agree to provide us with the name and phone number of your vet, a copy of the vet reports, & OFA reports stating any moderate or severe dysplasia for dogs exhibiting joint distress. Overweight or over exercised dogs are exempt from our hip or elbow dysplasia guarantee. Our guarantee does not cover conditions resulting from respiratory, bacterial or parasitic infections including giardia or coccidiosis commonly triggered from travel stress or stress of going into a new home; or any condition caused by environmental surroundings such as allergies, skin conditions, or neglect. Umbilical hernias are extremely common in all new puppies but especially in the BMD breed. They will often have small umbilical hernias when they leave us and these are typically repaired with a stitch over the belly button at the time of spay or neuter if it hasn't closed all the way on its own by then. Any umbilical hernia of concern to our vet or on a show/breeding puppy will be repaired before leaving us.

Doodle puppies are a mixed breed therefore cannot be registered with a reputable purebred kennel club. Our puppies are sold as pets only. No breeding rights are being transferred with the puppy. To receive our pet pricing you agree to spay or neuter your puppy by 12 months of age and submit written proof. Failure to do so voids the health guarantee and discounted pet price. All our pet puppies are sold on strict spay/neuter agreements, if required proof isn't submitted by 12 months of age this health guarantee does become null and void and an additional breeding rights fee of \$4000 will be owed to the seller. Breeding rights are available to approved breeders at the time of sale.

We do reserve the right to any puppy that may be reserved at any time if we feel they would be an asset to our breeding program. All money will be refunded in this rare situation. We also reserve the right to cancel your transaction and refund your money if we feel at any time the puppy would be going into an unsuitable home.

We unfortunately can't guarantee tri-colored Bernedoodles will remain tri-color due to Poodle color changing genetics. There is always a chance of color change in all Bernedoodles but we strive to eliminate that as much as possible in our lines. We also can't guarantee size, only give you an estimate from our history of past litters. Thank you for your understanding!

Buyer Responsibilities:

You agree to the seller responsibilities stated above.

You agree to provide the puppy with regular veterinarian care, including vaccinations and parasitic control due at your vet’s recommendations.

You agree to keep your Bernedoodle in normal weight range and will avoid over-exercising them with strenuous long runs that are hard on their joints. Walking and hiking are perfect moderate forms of exercise for Bernedoodles.

You understand your Bernedoodle comes with a 1 yr. health guarantee. To receive our 2 year health guarantee daily dogfood and supplements of Life’s Abundance must be given to your Bernedoodle after transfer to you and they must be ordered through our website to receive credit.

You understand all expenses incurred after the puppy leaves our premises are strictly your responsibility. Seller assumes no responsibility for medical expenses, landlord disapprovals, allergies to animals, or any other reason not stated.

You agree you will never place this puppy into a shelter for unwanted animals but will guarantee this puppy will be placed into a loving home if a situation arises where you will be unable to care for it. If a suitable home can’t be found, you agree to contact us and discuss the situation to find the best solution for the puppy.

By signing and submitting this contract you state that you fully understand and agree to the above.
